The Kimberley

It's Australia's final frontier, a region rich in history spanning the dawn of man to the modern age. Parts of the Kimberley are so remote; you'll be one of a handful that walk there. Take in the wonders of this pristine environment with Outback Spirit.

A Deeper Journey into The Kimberley

The Final Frontier of Australia.

Outback Spirit is one of the largest tour operators in the Kimberley, offering hand crafted itineraries born from 20 years of experience. Your adventure will cover all major highlights, including Ngauwudu (Mitchell Plateau), Purnululu National Park and a few unknowns only we can show you. And you'll be guided by the locals every step of the way.

Purnululu National Park, The Bungle Bungles

Witness the majesty of the Bungle Bungles, one of Australia's most iconic sacred sites, from two perspectives: up above on a scenic helicopter flight or down below on a guided tour following the 'dome trail' for a close up of these unique formations.

Garaanngaddim, Horizontal Falls

Known as Garaanngaddim by the local Indigenous people, Horizontal Falls is a truly curious phenomenon – a place where tidal currents cause waterfalls to ebb and flow. And we'll take you right into the swirling heart of it.

Purnululu National Park, Cathedral Gorge

One of the planet's few natural amphitheatres and a World Heritage-listed site, Cathedral Gorge is a place that once seen, few people seldom forget. Equally eerie and magnificent, it will make you appreciate the beauty of mother nature.

Network of camps and lodges

Situated in the wilds of Ngauwudu, Mitchell Plateau or in the heart of Purnululu National Park, Outback Spirit has a network of camps and lodges in the Kimberley region. Here you will always lay your head in spectacular locations.

Exclusive Camps and Lodges

Built exclusively for Outback Spirit guests, Ngauwudu Safari Camp allows for in-depth exploration of the stunning Mitchell Plateau.

At a glance

- All-inclusive experience
- Recently expanded and refurbished
- 22 exceptional Safari Suites with ensuites
- Architecturally designed restaurant & lounge
- Eco-friendly structures
- Private palm-fringed waterhole for swimming
- Close to Punamii Uunpuu, Mitchell Falls
- Relax around the campfire in the evenings
- Exclusive to Outback Spirit guests

Ngauwudu (pronounced Ng-woo-doo) is the Aboriginal name for the Mitchell Plateau, a striking and untouched wilderness in the North Kimberley. Outback Spirit’s safari camp is one of only two permanent camps at Ngauwudu and is by far the most luxurious and spacious. Ngauwudu Safari Camp was expanded and renewed for the 2022 touring season, with a multi-million-dollar upgrade and the addition of eight new Safari Suites. The original Safari Suites have all been beautifully outfitted, with new furniture, fittings and bedding. This, along with private ensuites, crisp laundered linen, full insect screening and a wide verandah with outdoor furniture, makes for an even more luxurious experience. The Wawida Pavilion, home to Ngauwudu Safari Camp’s restaurant and bar, has also been transformed, with updated dining facilities, a cosy lounge and extended alfresco area, perfect for relaxing during the day or night.

Immerse yourself in the Bungle Bungles with a two-night stay at this ideally positioned safari lodge within Purnululu National Park.

At a glance

- All-inclusive experience
- Located within Purnululu National Park
- Raised decking area with open fire
- Close to all the attractions within the Bungle Bungles, including Cathedral Gorge, Echidna Chasm and Piccaninny Creek
- Delicious home-style meals
- Comfortable cabins with private ensuites
- The only lodge in the Bungle Bungles with a swimming pool

Bungle Bungle Savannah Lodge is the most established accommodation within the World Heritage-listed Purnululu National Park (the Bungle Bungles). Located in the south of the park on Bellburn Creek, the lodge features 28 architecturally designed cabins, scattered throughout a bush setting. There’s also a licensed restaurant and outdoor bar area overlooking the creek, an ideal spot for a cool drink at the end of the day. Although recently upgraded, Bungle Bungle Savannah Lodge was one of the original safari facilities in the park and is still the most ideal spot from which to explore this fascinating geological landmark. It’s close to all of the park’s highlights, including Cathedral Gorge and Piccaninny Creek, and is one of only a handful of accommodation facilities in the area. In 2017, Outback Spirit became a 50% owner of the Bungle Bungle Savannah Lodge, in partnership with Aviair in Kununurra.

It is one of only a handful of places on the list that satisfied all four natural criteria concerning natural beauty, biological diversity, ecological processes and Earth’s history. Its seagrass meadows are the largest in the world and support a significant population of dugong, along with a variety of other marine life.

This morning, we head to the beach to meet the famous locals – a pod of wild dolphins that come in to the shallows and interact with people. (As the dolphins are wild, their appearance cannot be guaranteed). We then enjoy a catamaran sailing adventure in Shark Bay Marine Park, keeping an eye out for marine life, including dugongs, dolphins, sharks, huge sea turtles and more.

Desert Safaris

Australia is more than a country. It's a continent. And that couldn't ring truer than here, in its endless desert expanses. These places are isolating, challenging and near impossible. However, with the help of Outback Spirit's Mercedes-Benz G-Wagon fleet and 24-hour mechanical service, we've defied all odds. From the Simpson Desert to Northern Territory's Binns Track, you'll fulfill that lifelong dream with Outback Spirit.

Journey Deeper with Desert Safaris

A desert safari is a unique way to explore the Australian outback. While our other adventures showcase the beauty of the outback, a desert safari ventures deeper, taking you across rugged terrain, travelling off-road in one of our hardy, yet comfortable, Mercedes-Benz G-Wagons.

You'll get up close to nature, with intimate and comfortable camping experiences across the hard-to-access parts of the outback.

The bare necessities

On board each of our six-wheel drive military style G-Wagons is a specially designed and engineered pod. One vehicle houses a mobile kitchen, whilst another features two equal size bathrooms, complete with hot showers and flushing toilets.

Guided by experience

In each Desert Safari crew, there are five professional Driver Guides, highly experienced in remote, off-road touring. There are countless strengths required for a successful expedition, such as mechanical know-how, in-depth knowledge of the desert environment, and catering skills. There's an experienced camp cook, who'll provide delicious cuisine for the expedition. And, with ample refrigeration and a re-supply rendezvous (on the Canning), we're never short of quality, fresh food.

Camp in comfort

We provide the best camping equipment available to make the experience as enjoyable as possible. The large tents are easy to erect, with only one centre pole and a few pegs. You'll be sleeping off the ground on sturdy, lightweight stretcher beds, with a self-inflating mattress on top. As the desert nights can get quite chilly, we also provide a high-quality sleeping bag to keep you warm and cosy.

Mercedes-Benz G-Wagon

Travel off-road in one of our incredible Mercedes-Benz G-Wagons – one of the most capable and robust all-terrain vehicles in the world.

The Mercedes-Benz G-Wagon

One of the most capable and robust all-terrain vehicles in the world, the G-Wagon has an enhanced drivetrain and suspension. In fact, the Australian Defence Force (ADF) has upgraded its ageing Land Rover fleet with approximately 2,500 of these vehicles. It is the only vehicle that could meet the demands of this unique expedition. Off-road, they are simply unmatched.

Our custom fleet

We have a fleet that consists of both 6x6 and 4x4 vehicles. The 6x6 underpins the expedition, thanks to its high payload and remarkable capability. This allows us to carry our own kitchen and amenities units, both of which were custom made and engineered for Outback Spirit. We operate two separate yet identical convoys for these expeditions. Each consists of three 6x6 vehicles and two 4x4's.

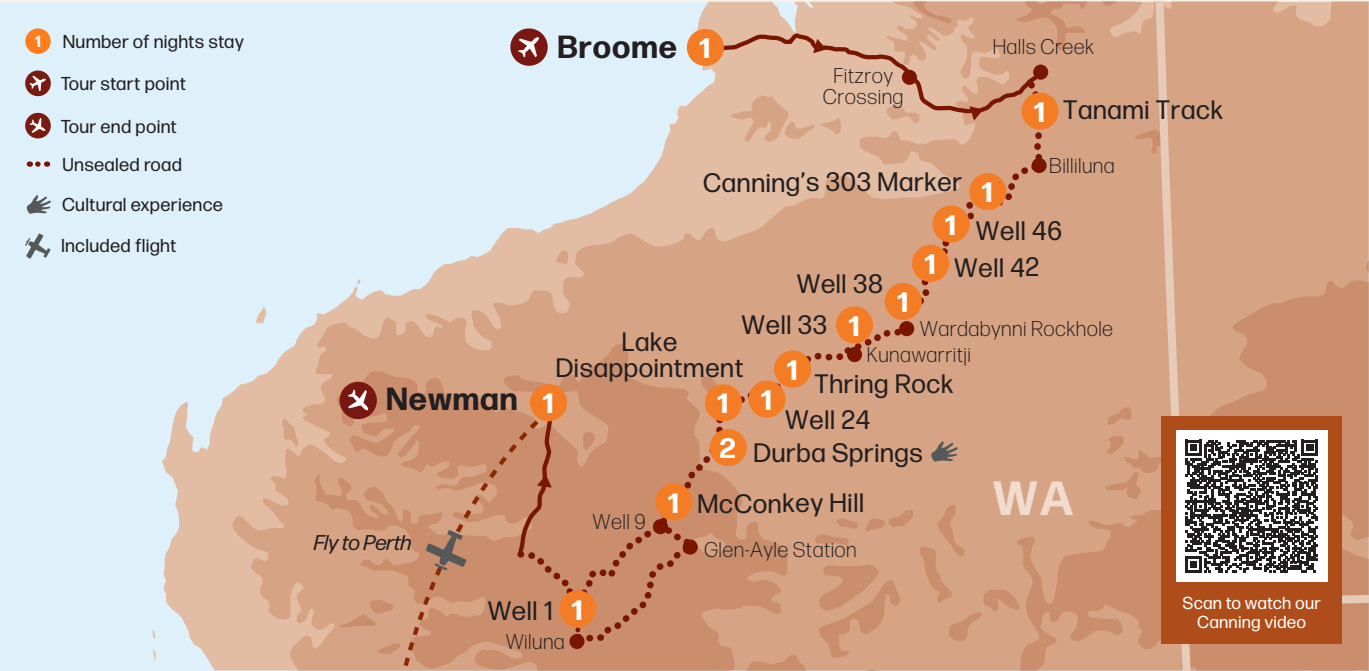

Travel in comfort

All passenger seats are full-size coach seats with seat belts, and all face forward (seat rotations occur daily). They feature good legroom (far more than normal 4WD vehicles), great visibility and are very comfortable. The vehicles are also equipped with satellite telephones and advanced medical kits. Comfort-wise, nothing comes close. And then there's the engineering and safety for which Mercedes-Benz is renowned. When it comes to our guests' comfort and safety, no expense is spared.

Your Journey

Day 1: Alice Springs

Upon arrival, you will be greeted by your Tour Directors. After checking in, the remainder of the day can be spent at your leisure. Tonight, enjoy a welcome dinner and tour briefing at the hotel restaurant. **D**

Stay: 1 night at Mercure Alice Springs Resort

Day 2: Alice Springs - Tapatjatjaka Art and Craft Centre - Chambers Pillar

Today, the adventure begins as we depart Alice Springs and follow the original Ghan Railway south, stopping to view the Ewanninga Rock Carvings. Later in the morning, we continue south to Titjikala and visit the Tapatjatjaka Art and Craft Centre before heading west towards the Chambers Pillar Historical Reserve. Late this afternoon, enjoy a walk to Chambers Pillar for a magnificent desert sunset. **B.L.D**

Stay: 5 nights camping

Day 3: Finke - Old Andado

This morning, we depart Chambers Pillar and continue following the original Ghan Railway south. We stop for fuel at Finke before heading through Old Crown station. After some time exploring the station buildings, we will move on to visit some of Australia's rarest trees at the Mac Clark Acacia Peuce Conservation Reserve. Tonight, we will camp among the sand dunes at Madigan Camp 1A. **B.L.D**

Day 4 & 5: Crossing the Madigan Line

Today, we begin crossing one of the least travelled tracks across the Simpson Desert. The dunes here are frequent and the terrain slow going. Travelling at slow speed though the desert gives us plenty of opportunities to view the desert flora and fauna. During a good season, the wildflowers are abundant, and if we are really lucky, we may get a glimpse of the elusive Eyrean grasswren. **B.L.D**

Day 6: Hay River - Munga-Thirri National Park

Continuing along the Madigan Line, we will travel on part of the Hay River Track. Although usually dry, there are numerous coolabah trees marking the path of the river. As we travel towards the Queensland border and the Munga-Thirri National Park, the vegetation will begin to change. Large stands of gidgee trees appear between the sand dunes. Camels often frequent these areas, so keep a sharp eye out as we crest each dune. Tonight, we will camp among the fragrant gidgee trees. **B.L.D**

Day 7: Adria Downs - Birdsville

Today, we swing south along the Madigan Line through Adria Downs Station. We will visit the Annandale Station ruins; the first Queensland station purchased by Sir Sidney Kidman in 1896.

Continuing south along Eyre Creek, we will meet up with the QAA Line for the final leg to Birdsville. Our last dune for the day will be Napperanica (Big Red). For the adventurous, if the conditions are right, we may have a go at the 'hard way' before hitting the bitumen and travelling on to Birdsville. **B.L.D**

Stay: 2 nights at Birdsville Hotel

Day 8: Birdsville Rest Day

Today is a day of rest in Birdsville for passengers and crew alike. Catch up on washing, visit some of the sights around town, or wander down to the edge of the Diamantina River. Our meals for the day are at the hotel. **B.L.D**

Chambers Pillar, NT

Day 9: QAA Line

Leaving Birdsville, we return to Big Red and spend a little time soaking up the view in the morning light. Then, we continue back to Eyre Creek and tackle the same QAA Line dunes in reverse. Towards the end of the day, we will come across some of the larger, sometimes muddy, salt lakes of the Simpson Desert. If necessary, we will pick our way through the drier tracks and skirt around the edges of the lakes before camping on higher ground near Poeppel Corner. **B.L.D**

Stay: 4 nights camping

Day 10 & 11: French Line - WAA Line - Rig Road

Beginning the day, we visit three states at once and learn about why the surveyor Poeppel placed the original post in the wrong spot. Continuing on, we travel along the French Line, visiting the geological anomaly of the Approdirna Attora Knolls. From here, we have a few options of tracks to make our way across the deeper part of the desert. Depending on conditions, we may take the more southern and difficult WAA Line. Our camp sites for the next two nights are among the Simpson's big sand dunes. A climb to the top of the nearest dune at sunset is well worth the effort; the change in colours is a true feast for the eyes. **B.L.D**

Simpson Desert, QLD

“I wish to record my heartfelt thanks to those responsible for the success of my recent Simpson Desert Expedition. The drivers were extremely competent and made us feel we were in safe hands. They were also pleasant, informative and helpful.”

Helen, QLD

Birdsville Hotel, QLD

Day 12: Purnee Bore - Dalhouse Springs - Mt Dare

The sand dunes begin to get smaller as we reach the end of the French Line and visit Purnee Bore. Leaving the dunes, we move on towards Dalhousie Springs for a well-earned soak in the naturally heated artesian water. After drying off and eating lunch, we continue on through the ever-changing landscape towards Mt Dare, where we camp for the night and enjoy a meal at the Mt Dare Hotel. **B.L.D**

Day 13: Finke - Charlotte Waters - Old Ghan Railway

Returning to civilisation, we pack up camp for the final time and exit the Witjira National Park. Saying goodbye to South Australia, we head to the ruins of Charlotte Waters. Continuing north, we meet up with the road to Finke and make our way back along the original Ghan Railway, before re-joining the main track and setting our sights on Alice Springs. Arriving mid-afternoon, we'll enjoy a celebratory dinner together and relive the expedition with fellow travellers. **B.L.D**

Stay: 1 night at Mercure Alice Springs Resort

Day 14: Alice Springs

After breakfast this morning, you'll be transferred to the airport or to your accommodation, if staying on in Alice Springs. **B**

By confirming a booking of a journey, you and all Passengers travelling under the booking are bound by this agreement, which is comprised of: (1) these standard terms and conditions, and (2) the Booking Confirmation.

1. Booking

Confirmed Booking Your booking of a journey is confirmed when:

1. You have made the booking, complete with all information we require;
2. You have paid us the Deposit (or other amounts owing at the time of booking), according to the terms of this agreement; and
3. We have sent you a Booking Confirmation.

Inclusions All goods and services that are included in your journey are as listed in the brochure and the website as at the date of booking.

Special Requirements Passengers must notify us of any special requirements (for example diet) at the time the booking is made. We will advise all third parties such as hotels and attractions of these requirements and will endeavour to ensure they are met. However, we cannot guarantee that all special requirements will be met in all instances.

2. Payment

Fare The Fare for your journey is the amount stated in your Booking Confirmation. Fares are per person twin share. Single supplements are applicable for single travellers requesting single accommodation. Forced singles are also required to pay the single supplement. There is one fare type:

- **Everyday** fares - for standard booking conditions

All fares include Australian Goods and Services Tax (GST) and are quoted in Australian Dollars (\$AUD).

Deposits To confirm a tour booking, payment must be made at the time of making the reservation. A Deposit or full Fare, is payable at the time of booking by direct deposit or credit card.

- For **Everyday** fares the booking deposit will be 25% of the tour fare per person
- For **Everyday Past Passenger** fares the booking deposit will be 15% of the tour fare per person.

Payment Where applicable, the Balance (the difference between the Deposit and the Fare) must be received no later than 100 days prior to the date of travel. For bookings made within 100 days of the date of travel, the Balance will be required within 7 days, and in all cases before the date of travel.

Credit Cards We accept Visa and Mastercard. Charges of 1% apply.

3. Luggage Limits

Each Passenger is entitled to take one medium size suitcase or soft bag weighing no more than 16 kg. The sum of each case's width, length and depth is not to exceed 140cm. Passengers may also take on board the coach one hand-luggage item to be stored in the overhead luggage racks. Weight of hand luggage is not to exceed 3 kg per person.

Exceptions Due to operational considerations, some of our adventures and shorts breaks have different luggage restrictions.

- **Desert Safaris:** Weight of suitcase/soft bag not to exceed 14kgs
- **Wet Season Spectacular:** Weight of suitcase/soft bag not to exceed 12kgs
- **Seven Spirit Bay Short Breaks & Eyre Peninsula Whale & Seafood Adventures:** Weight of suitcase/soft bag not to exceed 15kgs

Please note that Luggage limits are enforced on every tour. Passengers will be asked to leave their excess baggage behind in the event that the weight of the luggage exceeds our limits. The luggage is entirely at the passenger's risk during the tour.

4. Travel Insurance

Outback Spirit strongly recommends passengers take out travel insurance to cover any unforeseen circumstances. We recommend that you do this at the time of booking.

5. Onboard With Us

No Smoking Policy Our vessels and vehicles are all entirely smoke free in accordance with relevant state and territory government regulations. Passengers are not to smoke (including e-cigarettes) while on board.

Seat Allocations Seat allocations on board Outback Spirit vehicles operate with a daily seat rotation system to ensure passengers enjoy different seating positions while on tour.

Health

- **Fitness** Most of our tour itineraries contain guided sightseeing walks to natural attractions. As such, passengers are required to have a reasonable level of fitness in order to participate. Some walking tracks have sections of uneven rocky ground and may be slippery. The walks on our tours vary in length, so please read your chosen itinerary for further information or contact one of our friendly travel consultants who will be able to describe the walk to you. If passengers feel they are unable to participate in the walk on the day, alternative arrangements will be made with adequate provision for passenger comfort and safety.

- **Hydration** While on a bushwalk it is the responsibility of each passenger to carry adequate drinking water. All Outback Spirit coaches feature a water refilling point.

- **Mobility** Passengers are required to have a reasonable level of mobility to be able to board and alight the coach unaided. Due to space restrictions aboard our coaches, we are unable to accommodate passengers who require the use of wheelchairs or walkers. Our vehicles are not equipped with wheelchair ramps or lifters. Passengers requiring physical or mental assistance must be accompanied by a companion who is willing and capable of providing such assistance.

Enjoyment Outback Spirit will take all reasonable steps to provide an enjoyable tour. However, no liability will be accepted for any loss of enjoyment experienced by passengers due to circumstances which are out of our control.

Safety Passengers accept that tours include participation in Recreational Services and Recreational Activities which may involve certain risks and dangers beyond the control of Outback Spirit. Such activities containing risks include but are not limited to; bush walking, swimming, and travelling in remote undeveloped locations. The passenger acknowledges that all Recreational Services and Recreational Activities in connection with the journey are undertaken of the passenger's own free will and at the passenger's own risk. Passengers will not be permitted to continue on tours when in the opinion of the Outback Spirit Tour Leader, the passenger's conduct or condition is placing their own or the safety of other passengers at risk, or is adversely affecting the enjoyment of other passengers; for whatever cause.

Travelling to Remote Areas Passengers accept that some itineraries include visits to and overnight stays in remote areas located some distance from hospitals, medical centres or other forms of professional medical facilities. This is particularly the case for Outback Spirit's Desert Safaris which travel through extremely remote country for days on end.
