The Only Way to Outback

We put our heart and soul into everything we do. From the moment you board one of our custom fleet of Mercedes-Benz 4WDs to the second you step foot in Arnhem Land, the Kimberley or wherever else your adventure may take you, you'll feel the difference our award-winning expertise makes.

Whether it's our expert drivers who know every sight and scene, or luxury camps and lodges that keep you in the heart of this magnificent country, there's a reason why Outback Spirit is the only way to go.

Why Choose Outback Spirit?

All-inclusive Tours

When you choose Outback Spirit, all accommodation, dining and beverages, attractions and experiences - from helicopter rides to gorge cruises and scenic flights - are included.

Custom Fleet of All-terrain Vehicles

Explore Australia's outback in our 5-star fleet of custom Mercedes-Benz 4WDs. Purpose-built for remote travel and driven by guides who know these roads intimately, you get the comfort and safety of premium touring while experiencing landscapes that require serious capability and local expertise.

Unsurpassed Access

Travel with us and we'll take you to regions and locations most other tour operators simply can't get to.

Small Group Tours

Our small group sizes are carefully set for each region and tour, with most capping at 22 guests to keep your adventure intimate and personal, without the hassle of crowds.

Passion and Expertise

Our guides are salt-of-the-earth people who live and breathe this country. Depending on your tour, you'll travel with a dedicated driver-guide or a two-crew team, each carefully matched to their region. Along the route, local specialists join to share their deep connection to country and culture.

Premium Camps and Lodges

Outback Spirit owns a network of premium camps and lodges, some of which are exclusive to our guests. In regions where we don't operate our own properties, we carefully select the best available local accommodation - each offering private ensuite bathrooms.

Eco Certified

We're devoted to ensuring every Outback Spirit adventure is as environmentally sustainable as possible.

Highly Recommended

We regularly receive outstanding Trip Advisor reviews and one in two guests become repeat travellers with us.

All-inclusive Adventures

With Outback Spirit, you can relax into the journey, knowing every detail is thoughtfully included in one all-inclusive price.

A sense of place, everywhere you stay

From secluded safari camps in Arnhem Land to five-star hotels in Port Douglas, Outback Spirit offers guests the best accommodation to ensure comfort that will allow you to truly take in the sights and scenes.

Australia's finest flavours

Dining with Outback Spirit is as much about place as it is about flavour. Local produce and Australian ingredients take centre stage, enjoyed over breakfasts, lunches and dinners – with a glass of wine or coffee always close at hand.

All kinds of adventure

Catch wild barramundi in some of Australia's most pristine waters, explore rarely seen ancient rock art galleries and experience this country in ways you've never imagined. From helicopter rides, to gorge cruises and scenic flights, sit back and relax knowing it's all included.

Accommodation

Premium accommodation with attached private ensuite in iconic destinations.

Dining

Enjoy beverages from morning coffee to evening wine, plus all meals including breakfast, lunch and dinner.

Attractions

Access to Australia's most spectacular attractions, with all permits and entry fees fully taken care of.

Experiences

All itinerary experiences including scenic flights & cruises, built into your journey.

Small Group Travel

Personal connections matter, which is why we keep group sizes small by design. Most tours cap at 22 guests, giving you the intimacy of boutique travel with the expertise and safety of a premium operator.

Meaningful connection

The people you travel with won't be strangers for long. A smaller group means you can really get to know them, share stories and find common interests. On an Outback Spirit Adventure, you'll likely make lifelong friends.

A sense of place

A great benefit of small group travel is that it allows you to experience accommodation that's representative of the places you're travelling to. That means exclusive stays in the Kimberley or Arnhem Land and boutique lodgings in states like Queensland and Tasmania, that allow you to immerse yourself in the stunning natural environment.

Exclusive experiences

With Outback Spirit, you'll get to experience a wide array of attractions without the rush. With limited crowds and at times, exclusive access, this really is the most authentic way to experience Australia.

Mercedes-Benz 4WD Fleet

Out here, there's only one way to get around. And that's on board one of our $30 million fleet of all-terrain, Mercedes-Benz 4WDs, which provide unparalleled access to even the most remote parts of this country in total comfort.

Smooth and comfortable

Roads can be rare out here, but our custom Mercedes-Benz fleet handles rough terrain with ease. Advanced suspension systems smooth out the corrugations, while generous legroom - more than you'll find in almost any other tour vehicle - means you can actually stretch out and enjoy the journey instead of just enduring it. Additionally, with Starlink WiFi on board, you can stay connected even in the remotest corners of the outback.

A safer way to travel

Mercedes-Benz builds some of the safest vehicles on the market, and ours are custom fitted for outback conditions. But the real difference is who's behind the wheel. Our drivers know these roads like the back of their hand, every creek crossing, every seasonal challenge, every section that requires local knowledge and experience. Exceptional handling and superior suspension matter, but so does years of experience navigating remote terrain that catches out even confident self-drivers.

Quiet when you need it

On the outside, every tour vehicle is equipped with modular design and exceptional sound deadening materials. On the inside you'll find reclining seats, carpet and velour, resulting in a more soothing outback experience.

Mobility Requirements

Our vehicles are designed for rugged terrain, which means they sit higher off the ground than standard coaches. To board, guests will need to climb a set of tall steps unassisted each day. While this is a basic mobility requirement, most guests find it manageable, and we provide plenty of time for boarding and disembarking. If you're comfortable with everyday walking and climbing a few steps, you'll be ready to enjoy the journey.

Passion and Expertise

When you're exploring a country rich with history, a place where stories can be found at every turn, you'll want someone who can help bring it all to life. With Outback Spirit's expert guides, you won't miss a single thing.

Walk in their shoes

Our guides are salt-of-the-earth people who live and breathe this country. Their passion is infectious. As they take you across remote, ancient landscapes shaped by time, culture and Country, we're sure you'll find that same love yourself.

Knowledge is key

Every region is carefully assigned to a passionate guide to ensure your experience is as authentic as possible. We provide continual training to make sure their information is accurate and up to date and wherever possible, we work with Indigenous guides, to ensure our experts live and breathe the details.

The best of the best

Each tour is led by an expert Driver/Guide or across many tours a two-person crew of Tour Director and Driver leads your adventure. In addition, at select locations, you'll also be joined by a specialist local guide, sharing their in depth local knowledge with you. All Outback Spirit drivers are professionals, with comprehensive, multi-year heavy vehicle driving experience.*

*Heavy vehicle driving experience applies to staff driving our large all-terrain coaches, which require an MR license endorsement (or equivalent) or higher.

A few of the team behind your next adventure

Andy, Touring Operations Manager & Former Driver Guide

Joined 2023

Andy has spent years in the Red Centre, a place he knows better than anywhere else but still says "never ceases to surprise you," especially when rain transforms the desert overnight. In the touring industry since 1999, he's driven by a passion to show travellers the remote places they've always wanted to reach but couldn't on their own. He loves the camaraderie, the teamwork, and helping people experience Australia at its rawest. And if he had to choose one Outback Spirit tour? The Red Centre, every time.

Ella & Chris, Tour Guide & Driver Guide

Joined 2021

For Ella and Chris, who joined the team together and continue to lead tours side-by-side, showcasing the diversity of this great country is at the heart of every journey they guide. Ella is drawn to the Ningaloo Reef, where every visit brings something new – newborn whales learning to swim, cruising sharks, playful dolphins and dugongs gliding beneath the glass bottom boat. Chris is captivated by Karijini's ancient geology and the silence of its night skies. Both are driven to deliver once-in-a-lifetime moments in remote places other operators don't reach. And if they could pick one tour? For Ella, the Kimberley and the Pilbara are hard to beat. For Chris, the Kimberley and the Top End – diverse, remote, and endlessly rewarding.

Jemma, Arnhem Land Nature Guide

Joined 2024

Jemma spends her seasons on the remote tip of Arnhem Land, where rust-red cliffs meet bright turquoise seas and each day brings a new surprise. "The landscape shifts like a mood ring," she says, changing colour and energy with the light. Her favourite stretch lies between Trepang Creek and Rainbow Cliffs – quiet, raw, and alive with sea eagles. What she hopes travellers take away is simple: the power of this place and the depth of Aboriginal culture that shapes it. And if she could explore anywhere next? The Kimberley.

Our Commitment

There's great responsibility that comes with exploring the lands we travel through, and respecting the Traditional Owners is at the heart of our journeys. That's why we've put in place initiatives that help preserve their culture and strengthen our relations.

Indigenous employment

Wherever possible, Outback Spirit seeks to provide employment to local Aboriginal people. Often as tour guides, you'll experience the endlessly fascinating world of Aboriginal culture from those who know it best.

Supporting Indigenous businesses

Outback Spirit's tour operations are proud to support local Indigenous businesses. Many of our journeys include visits to Indigenous-owned art centres, accommodation and facilities.

Community sponsorships

We sponsor football clubs, dance and other sporting groups in remote Aboriginal communities and offer further support with local education and training programs; helping the youth lead healthy lifestyles and providing them with future opportunities.

Eco Certified

Australia is known for its unique, yet fragile habitats. Outback Spirit's eco-tourism accreditation reflects our commitment to using resources wisely, ensuring your adventure leaves as little a footprint as it possibly can.

Australian Wildlife Conservancy

Since 2008, we've donated over $2 million to organisations such as the Australian Wildlife Conservancy, supporting their endeavours to protect our environment. We continue to add to this figure annually.

Journey Lightly

Journey Lightly is Journey Beyond's promise to travel with purpose. It reflects our belief that sharing extraordinary places comes with responsibility to care for the landscapes, cultures and communities that welcome us, and to ensure our presence leaves a lasting positive impact.

Reconciliation Action Plan

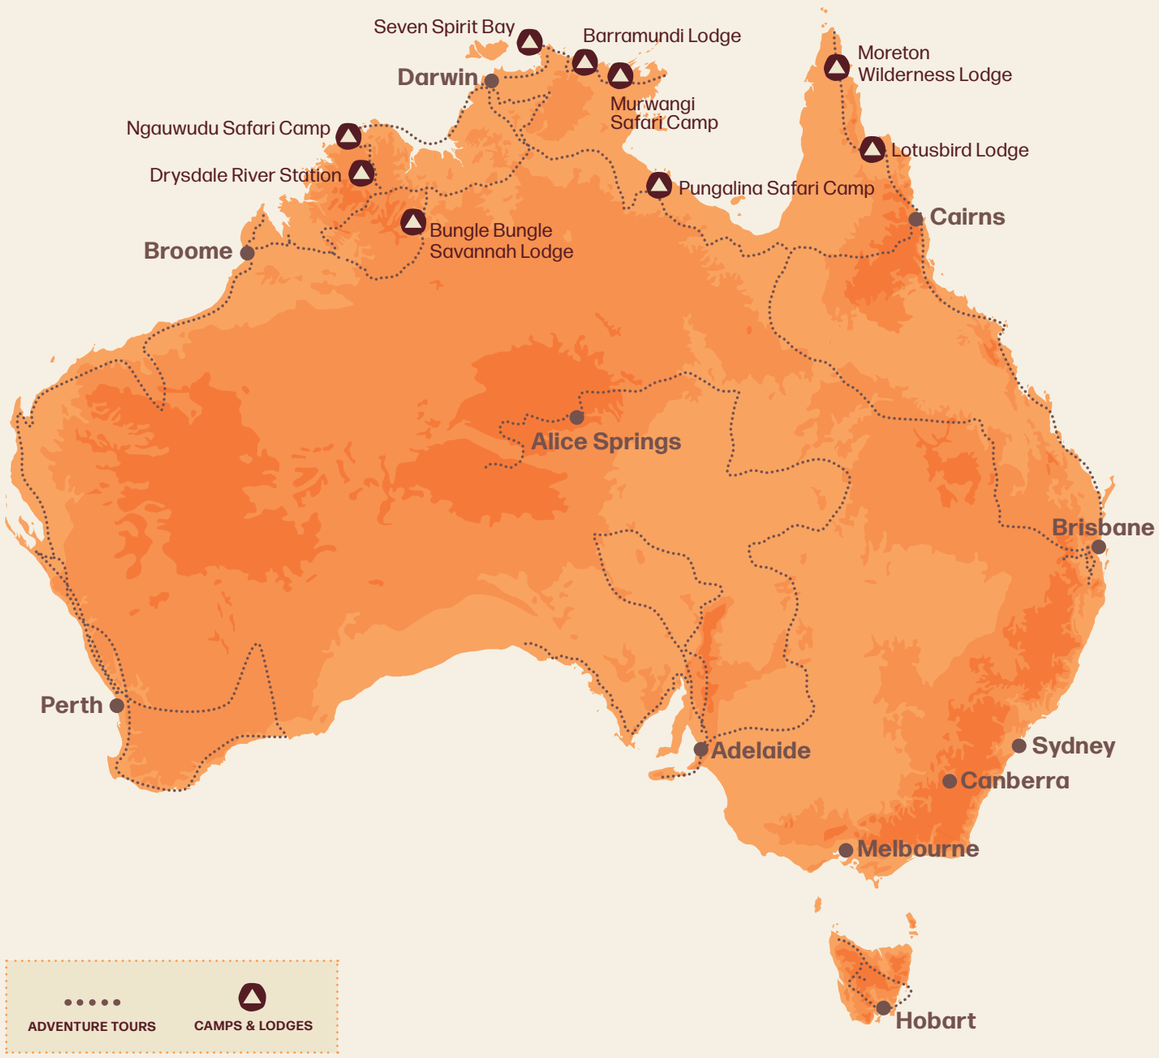

At Journey Beyond, we acknowledge the significance of reconciliation and are dedicated to supporting and empowering Aboriginal and Torres Strait Islander peoples. Our Reconciliation Action Plan offers a framework that enables us to foster respect, build relationships, and create lasting opportunities with First Nations peoples. We will continue to enhance our cultural understanding, cultivating respectful relationships, and connecting with Country.

This is your personal invitation to get out there and find your Outback Spirit.

For many it may be about adventure. For others it's about exploration and discovery of places, landscapes and culture.

And for some, it's about a lifelong search for something more intangible, a deeper connection with the land and a sense of fulfilment you just can't get any other way.

Outback Spirit is a promise to help you find whatever it is you're looking for on journeys that go further and deeper into the great Aussie Outback.

This is an adventure of a lifetime to a mystical and sacred place, 60,000 years in the making.

A Deeper Journey into Arnhem Land

The Spiritual Heart of Australia

Arnhem Land is a place few have the opportunity to explore. Home to the oldest surviving culture in human history and a plethora of untouched natural wonders, it is a privilege to experience the magic of one of the most culturally significant regions in Australia.

The world's oldest culture

As you explore Arnhem Land, you'll experience a Welcome to Country, hear Dreamtime stories passed down for generations, and gain insight into the profound connection Aboriginal people have with this sacred region. Through close collaboration with Traditional Owners, these cultural moments are guided by those who hold this knowledge, ensuring every experience is authentic and deeply respectful.

Striking outback landscapes

Terracotta escarpments, craggy rockpools, sweeping floodplains and sprawling savannah woodlands create a dramatic backdrop to one of the last truly untouched regions on Earth. Through long-standing relationships with Traditional Owners, we've developed exclusive lodges and travel routes, allowing guests to experience these remarkable landscapes in an entirely unique way.

Wildlife encounters

This wilderness is alive with native species including banteng, crocodiles, bilbies, frilled-neck lizards, rainbow bee-eaters and more. The sacred Arafura Swamp is teeming with birdlife and thriving wetland species, with buffalo, crocodiles and a remarkable variety of waterbirds often seen along its waterways.

Guided by the locals

Whether it's discovering the historical significance of a sacred site or how to forage for bush tucker, every step of your adventure will be enhanced by the unsurpassed knowledge of Outback Spirit's Indigenous guides. Step into a world few Australians – let alone visitors – will ever experience.

Julieanne, SA

The Kimberley

It's Australia's final frontier, a region rich in history spanning the dawn of man to the modern age. Parts of the Kimberley are so remote, you'll be one of a handful that walk there. Take in the wonders of this pristine environment with Outback Spirit.

A Deeper Journey into The Kimberley

The Final Frontier of Australia

Outback Spirit is one of the largest tour operators in the Kimberley, offering hand crafted itineraries born from over 20 years of experience. Your adventure will cover all major highlights, including Ngauwudu (Mitchell Plateau), Purnululu National Park and a few unknowns only we can show you.

The Bungle Bungle Range

Witness the majesty of the Bungle Bungles, one of Australia's most iconic sacred sites, from two perspectives: up above on a scenic helicopter flight and down below on a guided tour following the 'dome trail' for a close up of these unique formations.

Cathedral Gorge

One of the planet's few natural amphitheatres and a World Heritage-listed site, Cathedral Gorge is a place that once seen, few people seldom forget. Equally eerie and magnificent, it will make you appreciate the beauty of mother nature.

Garaanngaddim, Horizontal Falls

Known as Garaanngaddim by the local Indigenous people, Horizontal Falls is a truly curious natural phenomenon where powerful tidal currents create waterfalls that appear to flow both ways. On an included seaplane flight, we'll take you right into the swirling heart of it.

Network of camps and lodges

Situated in the wilds of Ngauwudu, Mitchell Plateau or in the heart of Purnululu National Park, Outback Spirit has a network of camps and lodges in the Kimberley region. Here you will always lay your head in spectacular locations.

Day 13: King George Falls Marine Adventure

After waking up to birdsong and breakfast made with produce from the Ord River region, head off with the lodge's expert skipper and guides for an unforgettable marine adventure to one of Western Australia's most iconic natural wonders - King George Falls.

The King George River is one of WA's most magnificent treasures, famous for its enormous twin waterfalls that stand over 70m high and descend into the Timor Sea. From a cultural point of view, the river is highly significant to the Balanggarra people. To them the Falls are the male and female Wunkurr (Rainbow Serpents).

Weather and tide permitting, we travel along the coast past Koolama Bay, where the merchant vessel Koolama was bombed during World War II - a powerful story of survival, mutiny, and endurance. From here, journey upriver, dwarfed by towering red cliffs, and edge towards the falls for a truly exhilarating 'shower' beneath their thundering cascade.

At the entrance of the King George River, you can't help but feel dwarfed by the towering red rocky cliffs rising high above us. From here, meander upriver to the incredible Falls, and if conditions allow, you'll be able to take an invigorating waterfall shower as the boat edges to within metres of the rock face.

With plenty of time to soak up the spellbinding Falls, we'll then make our way back to the lodge. Enjoy some fishing on the way and keep an eye out for other marine life including crocodiles, dolphins, dugong and manta rays to name just a few. **B.L.D**

Note: In the event weather or tides prevent access to the King George River, your guides will adjust the itinerary to explore equally impressive nearby waterfalls and coastal locations.

Day 14: Scenic Flight to Darwin

Leaving the Kimberley behind, we take a breathtaking flight back to Darwin, passing over the cascading King George Falls and the vast Joseph Bonaparte Gulf. Upon arrival, enjoy a few hours of free time before we come together for a final dinner, reflecting on the incredible journey we've shared. **B.L.D**

Stay: 1 night at Hilton Garden Inn

Important Note: Maximum passenger weight limits apply to all scenic or transfer flights.

Day 15: Darwin

As our adventure concludes, you have the option to join a guided town tour, including a visit to the Defence of Darwin Experience at East Point, or spend the morning at your leisure. Your transfer will be arranged to suit your departing flight or extended stay in Darwin. **B**

Day 5: Careening Bay

Careening Bay was named by Lieutenant Phillip Parker King after his ship, HMC Mermaid, was careened there in 1820. King ran the leaking Mermaid onto the sands. The boab tree is now three metres wide and National Heritage-listed. **B.L.D**

Day 9: **Mt. Isa - Karumba**

Say goodbye to Mt Isa and travel east toward Karumba, pausing in Cloncurry to visit the John Flynn Place Museum. This fascinating collection honours the legacy of Reverend John Flynn, who founded the Aerial Medical Service in 1928, what would later become the Royal Flying Doctor Service. Discover personal memorabilia and early medical equipment that tell the story of Flynn's tireless efforts to bring healthcare to Australia's most remote corners.

The museum also celebrates the ingenuity of Alfred Traeger, whose invention of the pedal-powered radio transformed communication in the outback. As we explore Cloncurry, we also learn how the town took its name from the nearby river, christened by explorer Robert O'Hara Burke in honour of his cousin, Lady Elizabeth Cloncurry.

We continue along the Burke Development Road towards Normanton, stopping at the historic Burke & Wills Roadhouse for morning tea. Here, we reflect on the ill-fated expedition of 1860–61 before arriving in Karumba later this afternoon. **B.L.D**

Stay: 2 nights at End of the Road Motel

Day 10: **Karumba - Gulflander - Barramundi Centre**

Joining one of the great characters of rail travel – 'The Gulflander' is a perfect start to our day. This historic little train takes us on a journey from Normanton to Critters Camp*. Later, we discover the secrets of the mighty barramundi at The Les Wilson Barramundi Discovery Centre.

Tonight, we enjoy a special Sand Island sunset dinner cruise in the Gulf. We'll dine on local seafood while watching a sensational gulf sunset. **B.L.D**

Leaving the Gulf town of Karumba behind, we travel inland across the vast savannah plains of Queensland's outback.

The journey offers endless horizons of golden grasslands, scattered with hardy eucalypts and the occasional kangaroo bounding in the distance. As we travel through remote cattle country, the landscape gradually shifts to rugged sandstone escarpments and ancient riverbeds, signalling our approach to the spectacular Cobbold Gorge region.

This hidden gem, carved over millennia, awaits with its striking narrow chasms and tranquil waterways, a dramatic contrast to the open plains we've just crossed. **B.L.D**

Stay: 2 nights at Cobbold Village

Day 12: **Exploring Cobbold Gorge**

This morning, join a 3-hour Savannah-guided tour of Cobbold Gorge. Begin with a circular interpretive walk to the escarpment, taking in panoramic views before crossing the striking glass bridge suspended above the gorge. Then step aboard custom-made, near-silent electric boats for a peaceful cruise through the narrow sandstone chasms and still waterholes that make this place so unique.

After lunch, set out on a guided station tour to experience life on a working cattle station, complete with a traditional 'smoko' along the way. Later, return to Cobbold Village for a relaxing final night in this remarkable outback setting. **B.L.D**

Day 13: **Cobbold Gorge - Undara Lava Tubes**

Departing Cobbold Gorge, we make our way to Undara Volcanic National Park, which protects the longest lava tube cave system in the world. A local Savannah Guide will take us on a tour through part of the lava tube cave system. As evening falls, dine outdoors under a canopy of stars. **B.L.D**

From the lookout platforms, keep watch for these gentle giants as they breach, tail slap, and nurture their young in the bay.

We visit the Head of Bight Visitor Centre, an interpretive hub operated by the Department of Environment and Water, offering insights into the region's ecology and the migration patterns of these endangered whales.

Day 1: Hobart - Port Arthur

The Tasmanian adventure begins mid-morning as we depart Hobart for Port Arthur. A visit to the UNESCO World Heritage-listed Port Arthur Historic Site sets the tone, offering a sobering and fascinating insight into Australia's penal past. Take a guided tour of the former convict settlement and enjoy a harbour cruise around the Isle of the Dead. This evening, share a welcome dinner with your fellow travellers. **L.D**

Known for its convict-era architecture and home to Australia's oldest bridge, built in 1823, Richmond offers a charming glimpse into Tasmania's colonial past.

We continue through the coastal towns of Orford and Swansea, enjoying glimpses of white sand beaches and turquoise bays, before venturing down the Freycinet Peninsula. Here, a rewarding walk leads us to breathtaking views from the Wineglass Bay lookout, one of the most photographed views in the country.

Stanley was once the administrative centre for the Van Diemen's Land Company; a royal charter company formed in 1824 during the reign of King George IV. A visit to Highfield House, the company's original headquarters, helps bring this history to life. We then continue to Smithton, where we spend the night. **B.L.D**

Choose to take the 5.7 km circuit walk that hugs the shoreline for immersive views of the dramatic landscape, or enjoy shorter nature trails at your own pace. For those preferring a gentler experience, after we return to the hotel to unwind, explore the nearby Enchanted Walk, a 45-minute loop through mossy forest and alpine flora. Late this afternoon, indulge in a local tasting experience featuring some of Tasmania's finest cheeses and cool-climate wines. **B.L.D**

Stop at Lake St Clair, Australia's deepest freshwater lake, before continuing to Derwent Bridge for a visit to the Wall in the Wilderness—an extraordinary, hand-carved sculpture telling the story of Tasmania's highlands through timber.

We then journey on to Mt Field National Park and take a short walk to see the picture-perfect Russell Falls, framed by giant tree ferns and ancient sassafras. Later, arrive into Hobart and settle in for the next three nights. **B.L.D**

ALICE SPRINGS
Telegraph Station

A walk through history.

The Alice Springs Telegraph Station Historical Reserve marks the original site of the first European settlement in Alice Springs.

Established in 1871 to relay messages between Darwin and Adelaide along the Overland Telegraph Line which connected Australia's population centres with the north of the country and Britain using the undersea telegraph network. Before the telegraph line was built, a message to England would have to travel by boat, taking 3-4 months each way. After the telegraph line was built, morse code messages could reach London in as little as 5 hours – slow by today's standards, but revolutionary for people of the 19th century.

The Historic Museum

Join a guided tour through the heritage museum and precinct to immerse yourself in the history of the Telegraph Station, the origins of Alice Springs as a town and the Stolen Generation of the Bungalow era of the 1930s. Travel back in time, and explore the inner workings of the original Telegraph Station and Post Office, as well as experience a working display of Meidinger batteries – replicas of those that powered the Overland Telegraph Line back in the 1870s – unique to the southern hemisphere.

The Trail Station Café

The Trail Station Cafe is nestled along the vibrant Alice Springs Trail, next to the historic Alice Springs Telegraph Station. Whether you're planning a picnic on the grassy lawns, walking one of the marked trails or tackling the terrain on bike – the Trail Station Café is the ideal stop for adventurers and explorers alike. Offering all your on the go needs with freshly brewed coffee, toasted croissants, gourmet sandwiches, ice-creams and a tempting selection of cakes to choose from.

Important Information

Luggage Limits

To ensure comfort for all guests, and due to restricted space on coach, strict luggage limits are enforced on all Outback Spirit tours. These restrictions are in place to ensure fairness for all guests and to comply with Australian Work Health and Safety Regulations for our crew, and must be adhered to by all passengers. Any luggage that exceeds the specific allowance will need to be repacked.

General Luggage Allowance

- One medium-sized bag (up to 16 kg)
- One small carry-on item (up to 3 kg)
- Medium bag dimensions must not exceed 140 cm (L + W + D)

Exceptions for Specific Tours

For the Seven Spirit Bay and Eyre Peninsula Whale & Seafood Discovery tours, the medium-sized bag limit is 15 kg. The same 140 cm combined dimension rule applies.

CPAP Machines (Sleep Apnoea)

If you're travelling with a CPAP machine, it must be included within your total luggage allowance and carried in your hand luggage. Most of our lodges provide 240v power, however we recommend bringing a fully charged travel battery as a backup.

For a suggested packing list, please visit the luggage section of our website.

Mobility and Fitness

Outback Spirit tours require a moderate level of mobility. Please consider the following before booking:

- Guests must be able to board and disembark high-clearance 4WD coaches without assistance. Steps are higher than standard vehicles, but boarding is unhurried, with grab rails for support.
- Wheelchairs, walkers and mobility aids cannot be accommodated due to space limitations. Coaches are not fitted with lifts or ramps.
- Some walks may include uneven, rocky or steep terrain, which can be slippery in certain weather conditions. Walks are optional, and for guests who prefer not to join, we will provide alternative arrangements to ensure comfort and safety.
- Porterage is not always available in all destinations; therefore, we kindly ask guests to be prepared to carry their own luggage to and from the coach.
- Our staff are trained in first aid and can offer medical assistance for minor issues. Guests requiring help with mobility must travel with a capable companion.
- Many tours travel through remote areas, far from immediate medical support. If you're unsure about your fitness to travel, please contact us before booking.

Dietary Requirements

Enjoy the convenience of an all-inclusive experience, with all meals and beverages included in your Outback Spirit tour fare.

We're able to accommodate most health and dietary requirements when advised at the time of booking or at least six weeks prior to travel. While we aim to fulfil all special requests, availability may vary in some locations due to their remote, rural setting.

Medical Emergency

Please advise us of any medical requirements prior to travel, including mobility limitations, allergies, CPAP use, or other health concerns. A Health & Fitness form is included in your tour documents and should be handed to your Tour Director on day one. This information is treated confidentially and used only in emergencies.

Many tours visit remote regions, where access to medical facilities may be limited. Guests acknowledge this as part of the experience. Our crew are first-aid trained and equipped with first aid kits, and in the event of a serious incident, assistance will be arranged promptly through the nearest medical facility. In rare cases requiring evacuation, the Royal Flying Doctor Service may be called upon and operates on a donation basis. Our Operations Team is available 24/7 to support in emergencies.

Wi-Fi & Reception

All Outback Spirit coaches are fitted with Starlink Wi-Fi, providing internet access even in some of Australia's most remote locations. However, connectivity can vary depending on the tour. In regions such as the Kimberley, Arnhem Land and Cape York, mobile reception may be limited or unavailable, and accommodation in these areas may offer intermittent service.

Please note, satellite communications onboard are for operational use only and not accessible to guests. Your final tour documents include an accommodation list indicating Wi-Fi availability at each property.

Travel Insurance

We strongly recommend travel insurance for your peace of mind. It helps protect against the unexpected and ensures support in case of illness, delays, or cancellations. Outback Spirit can provide a quote at the time of booking if required.

For added confidence, our Fully Flexible Fare offers the highest level of booking flexibility. See page 143 for more information.

Best Time to Travel

Peak travel in the outback and Top End is during winter and the shoulder seasons of late autumn and spring. Cooler destinations like Tasmania are best visited in spring and summer.

Time on Coach

Travel time on board the coach varies depending on itinerary. Australia is a big country, so there may be some full-day drives and early starts. In these situations, we endeavour to stop every 2-3 hours for rest breaks, tea/coffee/snacks and points of interest. We also have a daily seat rotation system in place, so you can enjoy a different view throughout the tour.

Facilities on Coach

All Outback Spirit coaches are purpose-built for remote touring, offering comfort and convenience no matter how far off the beaten track you go. On board, you'll find restroom facilities, reclining seats with generous legroom, USB charging ports, a television and media player, a road cam and P.A. system, as well as Starlink Wi-Fi (connectivity may vary depending on your location). Coaches also feature onboard refrigeration, a drinking water supply, a hot water urn for tea and coffee, a comprehensive first-aid kit, and a satellite communication system used for operational purposes.

Scenic & Transfer Flights

Some tours include flight transfers and scenic experiences by fixed-wing aircraft or helicopter. Tour maps highlight all flying elements, including scenic flights. Please note that maximum passenger weight limits apply on all flights, ranging from 120 kg to 136 kg, depending on the specific tour and the aircraft's safety requirements for balanced loading. The exact weight limit for your tour will be confirmed at the time of booking. For detailed information about individual tours, please visit the FAQ page at outbackspirit.com.au. If your weight exceeds the specified limits, please contact us in advance of making your booking to discuss suitability or alternative options.

Ensuite Facilities

All accommodation has private ensuite facilities.

Airfares

Airfares are not included in your Outback Spirit tour fare unless specifically stated. Tours begin and end in the city/town listed on your itinerary, so it's important to confirm required arrival times and transfer details with our team before booking your flights.
